RE: Organizational Meeting

Welcome to what has become the largest committee in the history of Shelton State (membership list on flip side of memo). Response to the call-for-membership was overwhelming! Thank you for your interest and concern in this major event in Shelton's history. I know that all of you have a tremendous contribution to make and will represent your colleagues efficiently as we begin to make our plans for the building of a new campus.

We need to get as many of us as possible together for an organizational meeting. Would you please come to the Auditorium at the Skyland Campus Friday, July 12, at 10:00 a.m. If you have any ideas about what kind of subcommittees to break this large group into, please let Joyce Jolly know sometime before the meeting. Also, please let Dr. Jolly know if you are unable to attend the meeting or unable to serve on the committee. Her extension is 2264.
